

We recognise the importance of the growing trend for social media and virtual networking so PRAG now has a presence on mallowstreet and LinkedIn.

Mallowstreet

For those of you that don't know, mallowstreet is an online community for the pensions industry and its membership includes trustees, plan managers and secretaries, corporate sponsors, investment consultants, actuaries, asset managers, bankers, administrators, academics and policy makers. mallowstreet allows this community to connect and collaborate using blogs, forums, videos.

We hope to use the pensions community to encourage more discussion within our group and to obtain input and views from other interested parties.

Mallowstreet have created a PRAG profile page, which I am now attached to, and have set up an Accounting Forum to help kick start our discussions!

You might already be a member of mallowstreet, if so, then that's great. All you have to do is contact bethan.georgiev@mallowstreet.com and she will attach PRAG to your profile.

If you're not, please go to www.mallowstreet.com to register. It takes just five minutes to join and a member of the mallowstreet team shall be in touch to confirm your registration.

To be eligible to join for free you have to be an adviser to a pension scheme that has more than £10m in assets.

LinkedIn

We have set up a group on LinkedIn – “PRAG – Pensions Research Accountants Group” – please join the group by simply searching Groups and clicking the “Join Group” icon.
